

# MULTICOMM

UNIVERSAL PRODUCT ABLE TO MANAGE PARROT HANDSFREE KIT (CK AND MK SERIES)  
FROM SWC FOR CAR WITH RESISTIVE PROTOCOL.

Compatible with: **Parrot®**

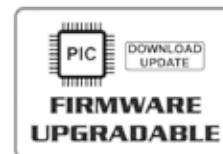

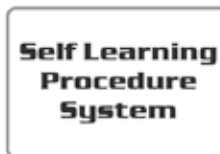

MULTICOMM allows you to control Parrot CK3000 Evolution, CK 3100 LCD, MK 6000, MK 6100 bluetooth handsfree kits directly from the car steering wheel commands having Resistive protocol.

MULTICOMM acquires all car Resistive protocols only by following an easy procedure.

MULTICOMM can be re-programmed!

The wide range of Plug&Play wiring bridge harnesses now available are listed on our web site [www.paser.it](http://www.paser.it).
